

Shruti Agrahari

Microsoft Power BI Developer | Data Analyst | SQL | Power Query | DAX

☎ +91 96160 280137 | ✉ shrutiagrahari456@gmail.com | 🔗 LinkedIn | 🌐 Portfolio

SUMMARY

Computer Science graduate with hands-on experience in developing **interactive Power BI dashboards**, data modeling, **Power Query, DAX, SQL**, and **Excel**. Skilled in transforming raw business data into **meaningful visual reports, KPI dashboards**, and **actionable insights**. Experienced in data cleaning, visualization, report automation, and business intelligence through academic and internship projects. Passionate about solving business problems using Microsoft Power BI.

EDUCATION

B.Tech in Computer Science

'22 – '26

Kamla Nehru Institute of Physical and Social Sciences

GPA: 7.97

Sultanpur, UP

12th Grade in Higher Secondary

Saraswati Vidya Mandir, Sultanpur, UP

10th Grade

Guru Charan Kaur Public School, Sultanpur, UP

SKILLS

Power BI: Power BI Desktop, Power Query, DAX, Data Modeling, Relationships, KPI Dashboards, Interactive Reports, Drill-through, Bookmarks, Report Publishing

SQL: Joins, Views, Aggregate Functions, Window Functions, CTEs

Excel: Pivot Tables, Power Pivot, Power Query, Lookup Functions, Conditional Formatting, Dashboards

Python: Pandas, NumPy, Matplotlib, Data Cleaning

Tools & Platforms: Git, GitHub, VS Code, Jupyter Notebook, Google Colab, Canva, Microsoft Excel

Soft Skills: Problem Solving, Communication, Teamwork, Analytical Thinking, Time Management, Presentation Skills, Adaptability

PROJECTS

Customer Management System

- Developed a Customer Management System to store and manage customer records efficiently. Implemented features like adding, updating, searching, and deleting customer data with database integration. Designed a simple and user-friendly interface to improve data management and reduce manual work.

Virtual Assistant using Python [Link](#)

- Developed a voice-controlled virtual assistant using Python capable of performing tasks like opening applications, searching Wikipedia, providing the current date & time, and web browsing through voice commands. Integrated speech recognition and text-to-speech functionalities to enable smooth human-computer interaction.

Adidas US Sales Dashboard using Power BI [Link](#)

- Created an interactive Power BI dashboard to analyze Adidas US sales data, including revenue, profit, product performance, and regional sales trends. Used data visualization tools and KPIs to generate business insights and support data-driven decision-making.

Uber Dashboard using Power BI [Link](#)

- Developed an interactive Power BI dashboard to analyze Uber ride data, including trip trends, booking patterns, revenue, and customer insights. Used data visualization and KPI analysis to identify business trends and improve decision-making through clear and dynamic reports.

EXPERIENCE

Data Analyst Intern

[SSlotSync](#)

Apr '26 – June '26

Gurugram (Remote)

Built interactive **Power BI dashboards** to monitor business KPIs and operational performance.

- Cleaned and transformed datasets using Power Query and SQL.
- Created DAX measures and calculated columns for business reporting.
- Automated recurring reports, reducing manual effort.
- Developed visual reports including KPI cards, bar charts, trend analysis, and slicers.
- Worked with Excel and SQL for data extraction and validation.
- Presented analytical findings to stakeholders.
